

October 27, 2023

To Whom it May Concern:

Hello, my name is Dr. Catherine Mueller-Bell and I am a Professor of Clinical Mental Health Counseling at Grand Canyon University (GCU). I am writing on behalf of Dan Allmond, for the purpose of being a reference for him regarding his academic and professional capabilities and personal character. I have known Dan for 3 months, through having him as a student in one of my graduate courses at Grand Canyon University. I have consistently found him to be gifted in his academic and extracurricular endeavors and demonstrate a commitment to learning. Dan is a highly intelligent, devoted and responsible person who contributes significantly to the academic community with a collaborative, generous and genuine spirit. He is a person of great integrity and maturity, respectful to all people, which is evident in his relationships in our community and in the caliber of his academic work.

When I have had the opportunity to observe and interact with Dan in the academic community, I have found him to be a great student with a breadth of experience and a willingness to learn a broad array of theoretical constructs and skills, while being intentional about his personal and professional development. His various interpersonal skills have allowed him to make an impact and contribution to her community, in meaningful ways. Dan is extremely kind, courteous, knowledgeable, articulate, respectful, professional and upholds a high standard of academic excellence and credibility. He works extremely well with others and is highly respected by his peers at GCU. Through his strong interpersonal skills, it is clear that he exudes respect and compassion for others and she is dedicated to ethics and academic inquiry, which has contributed to him being a pleasure to have in our academic community.

I can highly recommend Dan to be considered for your program due to her strong professional/academic/interpersonal skills and personal character. I am confident that he will continue to enhance the community and invest in ways that will inspire and make an impact in your program. If I were in your position, I would eagerly offer Dan an opportunity, without hesitation, since he stands above the rest, in memorable ways. If you need any further information, please feel free to contact me at (616) 826-3253.

Sincerely, *Catherine Mueller-Bell*

Catherine Mueller-Bell, LPC, NCC, PhD

Professor of Clinical Mental Health Counseling
